

# COLORADO CIDER COMPANY GRASSHOP-AH

Are you a beer drinker looking for a break from the routine? Perhaps you prefer ciders but are lost within the te-

dium? Well any flavor fanatic is sure to enjoy the Grasshop-ah: a crisp, bright, and dry-hopped cider from Denver's very own **COLORADO CIDER COMPANY**. The **GRASSHOP-AH** carries with it an earthy aroma of lemon zest, juicy apple, and transient hoppy citrus notes. Flavors of red and green apple envelop a huge lemon profile from the lemongrass while the hops provide an earthy depth that sets Grasshop-ah apart from the rest. The finish remains semisweet to dry courtesy of the hops leaving another sip the only thing to be desired. Complex and unorthodox, Grasshop-ah adds a unique twist to an already crisp and refreshing beverage. Come in and pick up a 4-pack today. Cheers! - Darrell Marquez
